* Approximate costs only – prices may vary between pharmacies.

Please note that additional fees **may** apply should you require any of the following:

- Additional appointments for insertion of a contraceptive implant or IUD
- Additional appointments or procedures with Family Planning NSW to manage any complications
- Additional pathology or diagnostic imaging services (all routine pathology and imaging requirements will be bulk billed via Medicare)
- Referral to another service or facility for further appointments or procedures for management of significant complications

We are committed to ensuring equality in accessing our services. If you are unable to access our services due to financial hardship or other circumstances, you can speak with one of our social workers regarding a fee waiver. Please note, the MS2Step medication for concession card holders is approximately \$5.60 (a saving of approximately \$34.40).

Medicare claims

Medicare claims can be processed at the time of payment by swiping your EFTPOS card. We will submit your claim to Medicare on your behalf and your refund will be deposited directly into the bank account attached to your EFTPOS card within minutes. Please note, Medicare rebates cannot be made to a credit card account.

If you do not have an EFTPOS card, or do not want to swipe your EFTPOS card, you will need to register your bank details with Medicare to get electronic refunds directly deposited into your bank account.

If you have not registered your bank details with Medicare and do not swipe your EFTPOS card, you will need to submit the relevant information to Medicare to make a claim. You will need to submit this claim either at a Medicare branch or by post, and Medicare will post a refund cheque to your address.

Non-Medicare eligible clients

The total fee amount applies. Please note, the MS2Step medication for non-Medicare eligible clients is approximately \$340.00.
