

South West Community Transport – getting you where you need to go, to help you keep safe.

If you want to get your COVID vaccination, but do not have access to transport – South West Community Transport can get you there.

NSW Health COVID restrictions allow you to leave your home to receive your COVID vaccination.

South West Community Transport provides individualised, door-to-door transport to your local doctor, medical or vaccination centre, with care and support.

If you have not made an appointment, please start at Step 1, if you have an appointment but are unsure how to get there and home again, please start at Step 2.

STEP 1:

Make an appointment with NSW Health for the NSW Vaccination Hub at Liverpool Hospital or for participating GP's, clinics or pharmacies.

STEP 2:

Book transport with South West Community Transport (94268999)

South West Community Transport will help you understand any other requirements, including costs for transport.

STEP 3:

Get Vaccinated!

Book your second dose at the same time.

South West Community Transport is a door-to-door, care-based transport model available to support people who are aged 65 and over. or 50 and over if Aboriginal or Torres Strait Islander.

We provide an individualised and supported service, that is safe, accessible and reliable.

We maintain the highest standards of hygiene and sanitisation, ensuring that our vehicles are cleaned every day. Our drivers wear masks, and we implement a split shift approach to ensure continuity and reliability of service.

We are here and are waiting to support you on your vaccination journey.

Talk to us **South West Community Transport (94268999)**

If you have a question or need information about COVID-19 or the COVID-19 vaccines

- speak to your GP (doctor) to help you make an informed decision, or
- call the helpline on [1800 020 080](tel:1800020080)
(24 hours a day, 7 days a week).

Regards.
