

Liverpool Hospital

Introduction

The Community Outreach Geriatric Service (COGS) to residential aged care aims to maintain the health and independence of older people living in residential care. The COGS will provide rapid access to medical and nursing care for older people experiencing rapid decline or acute changes in their condition while remaining in their Residential Aged Care Facility (RACF).

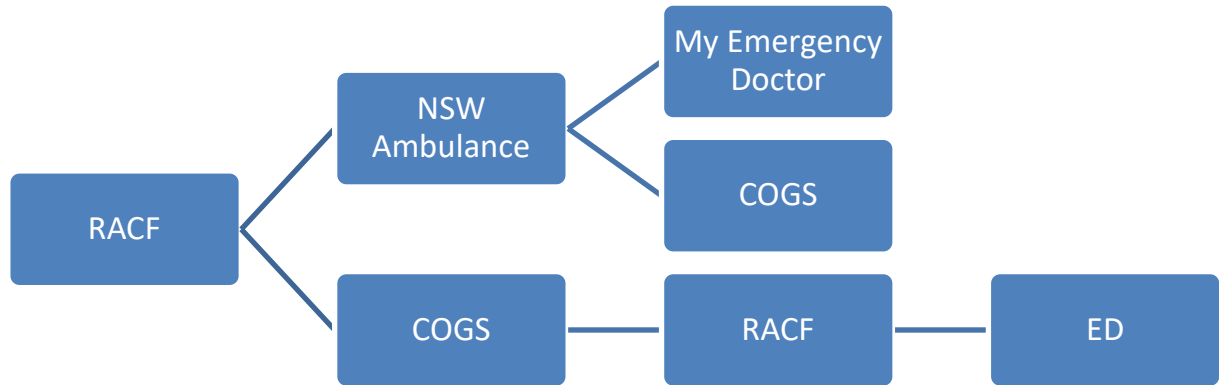

In preparation for the COVID-19 Pandemic Response Plan, the COGS will provide a seven (7) day service to all residential aged care facilities (RACF).

Services Available

Inclusion criteria – Any conditions that relate to the below:

Pneumonia	Sepsis	Tube Management
Cognitive Decline	End of Life	Comprehensive Assessment
Delirium	Challenging Behaviours	Teleconsultation
Simple Fractures	Ambulance Board Monitoring	Hydration
