

POLAR Walkthrough

An Australian Government Initiative

Female Patients aged 50-74 never had mammograms recorded in the practice

1. Log in to POLAR > Click Reports > Click Clinic Summary

 Click RACGP & Practice Active Patients (Filters patients who have visited your practice at least three times in the last two years, and their record is Active in your practice clinical software)

RACGP & Practice Active Patients

Click Clinical on the top menu bar > then select Clinical Indicators from the dropdown list

4. On Inclusion Filter:

Go to **Demographic** > on **Gender** filter > select **female**, on **Age Band** Filter > select **50-74** then

section filters for what H/	AS happened to the identified	patient group
