

POLAR Walkthrough Patients with active chronic cardiovascular disease (CVD) with no total cholesterol results recorded in the last 12 months

Patient Cohort:

- Practice Active & RACGP Active (visited practice at least 3 times in 2 years)
- Active Chronic CVD (Step 2)
- Total Cholesterol not recorded in last 12 months (Step 3)

Note: Patient cohort can be modified by adding or removing steps according to the needs of your practice

1. Log in to POLAR > Click Reports > Click QIPC Clinic Report

2. Click Clinical > CVD > select Active Chronic CVD

3. Select the Management tab

Select date range **12 months** (NOTE: select date range <u>before</u> any other filters) On the Table, go to **Total Cholesterol** > select **No results** then
