

Rapid type 2 diabetes case conferencing clinics

Support four to five patients with type 2 diabetes in a half-day case conferencing clinic at your practice, in collaboration with a local hospital diabetes specialist team.

What's involved

- A specialist diabetes team attends your practice for a half-day clinic, morning or afternoon.
- Up to five consultations with the GP, endocrinologist and diabetes educator: 45 minutes with the patient, or up to 30 minutes without the patient, with their consent.
- Specialist review of repeat pathology at six months.

Book your clinic

Contact Mele Lokotui for bookings and enquiries.

Clinic benefits

- MBS remuneration of up to $2013.20 per clinic
  Billing codes: Organise and Coordinate a Case Conference

Item	MBS fee	Consult time
735	$84.65	15-19 min
739	$168.65	20-39 min
743	$251.65	40+ mins

- Increase confidence in managing complex type 2 diabetes patients.
- GP access to one-on-one education from diabetes specialists.
- Develop an integrated approach to diabetes across general practice, allied health, hospital and specialist services.
- Practices can choose how many GPs participate in the clinic.
- Optional lunch time education session for all practice staff.
- Support from South Western Sydney PHN and South Western Sydney LHD to arrange and facilitate clinics.
- Earn CPD hours towards RACGP continuing professional development.

Education session

Practices can host a one hour education session for practice staff, facilitated by the endocrinologist and diabetes educator.

The session can cover general diabetes management or focus on topics your practice requests.

Rapid type 2 diabetes case conferences are provided by South Western Sydney PHN and South Western Sydney LHD.
